Takeaways

Kabir is a passionate learner. During the Summer Camp, he gained an understanding of the Elements of Art; line, shape, colour, form, value and space. He used them constructively while creating his artworks. He explored various art techniques like Zentangles, Fingerprinting, Scratch art, String Art and Squish Art. He got the opportunity to dabble with colours and create various tints, shades and hues. He successfully created his self-portrait inspired by Pablo Picasso. His artworks reflect rich imagination, ease of drawing, patience, free hand strokes and an eye for detail. Kabir was able to creatively explore languages associated with different mediums and their use. Given more opportunity, Kabir will be able to enhance his knowledge of perspective art and can hone his skills of planning and self-expression.
